Chestertown, Maryland 21620

From: Max E. Ruehrmund, III

Date: 23 August 1994

Project 9418: HOUSE ON PHILLIPS CREEK
Regarding: Topographical and Physical Feature Survey

Mr. and Mrs. Gelband are interested in building on a property on Phillips Creek, off Walnut Road. Assuming your interest, please call me in the next few days with an estimated cost and delivery date for providing 5 prints (on 24 x 36 inch sheets) showing at 1" = 20'-0", the portion of the property (indicated on the attached plat) and its immediate environs, including:

1. Property Lines, Bearings and Lengths
2. Critical Areas Buffer (on site)
3. Flood Zones and 100 Year Elevation (on site)
4. Mean High Tide and Top of Beach
5. Principle Corners of existing dwelling, including adjacent topo. information within 100' of house.
6. Topography at 1 ft. Intervals
7. Road Edges and Right-of-Way
8. Establish a firm benchmark on site.

Enclosure: Plat
